## TERMS OF SALE

1. This is an unrestricted auction and mail bid sale conducted by Jess Peters, Inc.
2. All material shall be sold to the highest bidder. If any dispute arises during or immediately after the sale of a lot, the Auctioneer shall have the right to recall the lot and put it up for sale again. In all cases Auctioneer's decision shall be final. **For the bidder's protection, no "unlimited" or "buy" bids will be accepted.**
- 3A. Foreign Coinage Section (Lots 301-1640) — A **BUYER'S CHARGE** of 5% on each individual lot will be added to all purchases made by all bidders and will be 5% of the total amount of the final bid. **THIS BUYER'S CHARGE WILL BE ADDED TO ALL INVOICES FOR THE FOREIGN COINAGE SECTION (LOTS 301-1640).**
- 3B. United States Coinage Section (Lots 1-300) — A **BUYER'S CHARGE** of 10% on each individual lot will be added to all purchases made by all bidders and will be 10% of the total amount of the final bid. **THIS BUYER'S CHARGE WILL BE ADDED TO ALL INVOICES FOR THE UNITED STATES SECTION COINAGE (LOTS 1-300).**
4. Auction sales are strictly cash in U.S. funds payable through a bank in the United States. **Lots must be paid for promptly.** No credit card purchases will be accepted. Bids cannot be accepted from those persons under eighteen (18) years of age without a parent's written consent who acknowledges the terms and conditions of sale herein.
5. By bidding in this sale, bidder personally guarantees payment; and if a corporation is bidder, the officers and/or principals of the corporation agree to personally guarantee payment.
6. Floor bidders and mail bidders who have not established credit with Jess Peters, Inc. must furnish satisfactory credit references or deposit twenty-five percent (25%) of their total bids for that session(s) before such bids can be accepted. Deposits submitted will be applied to purchases and any unused portion of such deposit will be promptly refunded.
7. Bids must be for an entire lot. No lot will be broken up. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise.
8. This is not an approval sale. Bidders are expected to keep and promptly pay for all lots for which they are the highest bidder as determined by Auctioneer. Floor bidders are encouraged to carefully examine all lots in which they are interested in purchasing since **no lot purchased by floor buyer may be returned, including those lots where the bidder is acting as agent for another, or to mail bidders who have examined the lot.** In no event may any lot be returned after thirty (30) days from the date of sale. Questions regarding the minting of a coin as a Proof or as a business strike relate to the method of manufacture and not to authenticity. If a lot is to be returned it must be housed in its original, completely intact, sealed holder. Late remittance constitutes just cause for revocation of all return privileges for any reason.
9. All items offered in this catalogue are guaranteed to be genuine. Claims to the contrary must be made in writing within three (3) days after receipt of material. No lot may be returned without prior written consent.
10. Auctioneer reserves the right to open the lot at a reasonable price and to withdraw any lot.
11. When identical bids are received by Auctioneer for a lot, preference is given to the first bid received. A mail bid will take precedence over an identical floor bid; a floor bidder must bid higher than the highest mail bid to be awarded any lot. Auctioneer reserves the right to refuse any bids at his sole discretion.
12. Auctioneer cannot be responsible for errors in bidding. Please make certain that you bid on the correct lot and that your bid is the maximum (plus the applicable Buyers Charge) that you are willing and able to pay.
13. Successful mail bidders will be awarded the lot at a nominal advance over the next highest mail or floor bid. The correct buyer's fee, postage, insurance and sales tax, if required by law to be collected, will be added to the invoice for any lot(s) that is invoiced to successful bidders.
14. All lots delivered in the State of Illinois are subject to 5% sales tax. All lots delivered at the Sale are subject to New York City Sales Tax. When it is applicable, the final price will be subject to local sales tax. Individuals purchasing lots for resale must submit an exemption certificate signed by the purchaser or his agent and recognized by the State of Illinois, or the State of New York, with their current resale certificate or number, or be subject to the local tax.
15. Title to any lot remains with **consignor** until the lot is paid for in full. Jess Peters, Inc. reserves the right to require payment in full before delivering any lot to the successful bidder. It is the buyer's responsibility and obligation to have the lots fully insured while in his/her possession. Risk of loss is on the buyer.
16. In the event a bidder fails to make remittance promptly, Auctioneer reserves the right to resell the merchandise and bidder agrees to pay for the reasonable cost of such a sale and also to pay any difference between the resale price and the previously successful bid.
17. If the invoice for the auction is not paid for in full when due, the unpaid balance will bear interest at the highest rate permitted by law until it is paid. If the matter is referred to an attorney for collection, bidder agrees to pay all attorney fees, court costs and other collection costs incurred by Jess Peters, Inc. The courts of Macon County, Illinois shall have exclusive jurisdiction and venue over any suit initiated by Jess Peters, Inc. to collect past due invoices and that the service of process by certified/registered mail, return receipt requested, shall be sufficient to confer "in personam" jurisdiction over bidder. The laws of the State of Illinois shall apply to any dispute.
18. Except for any claim or controversy arising out of non-payment (which, at the exclusive option of the seller or auctioneer may be referred to arbitration), any claim or controversy arising out of this sale shall be settled exclusively by binding arbitration under the rules of the Professional Numismatists Guild, Inc., then in effect. By bidding in this sale, you agree to be bound by the arbitration provisions of the Professional Numismatists Guild. In all cases, the maximum liability of Jess Peters, Inc. for any item sold shall be limited to the official published Price Realized of the item at this sale.
19. All photographs in this catalogue are of the actual coins or currency being sold.
20. Auctioneer reserves the right to postpone the sale by auction of the property for a reasonable period of time as the result of any act of war, natural calamity or significant relevant event which, in the judgement of Auctioneer, reasonably exercised, makes it inadvisable to hold the auction as scheduled.
21. Our ultimate liability for any item is the price paid.
22. **BIDDING IN THIS SALE CONSTITUTES ACCEPTANCE BY THE BIDDER OF ALL THE FOREGOING TERMS AND CONDITIONS OF SALE.**

Grading is an art and not a science. The grades herein represent our opinion based on our experience. Therefore, it is possible that two people will not always grade the same item alike. Also, as market conditions change, grading standards change, and may continue to do so in the future. Your examination of the item(s) should be the criterion and not the grade represented by another. In any purchase or sale, the value of the item(s) is determined by the price.

## INSTRUCTIONS FOR NEW MAIL BIDDERS

If you have never used a mail bid system, here is an explanation. The procedure is quite simple. On the Mail Bid Form there is space provided for the lot number and the amount you are willing to bid. After carefully reading the description of the lot you wish to bid on, write down the lot number and the maximum amount you are willing to pay. For example, let us assume you are interested in bidding on Lot 1 and the maximum amount you are willing to bid is \$2000. Your bid sheet should show a "1" under the word, "Lot", and a \$2000 under the word "Bid".

The bid which you enter is the "maximum amount" or top price that you are willing to pay for a lot **not including the Buyers Charge** (unless you have checked one of the percentage increase boxes). However, there is always the possibility that you may obtain the lot for less. As indicated in our "Terms of Sale", we act as your agent and execute your bids as if you were at the auction in person. We will buy the lot for you as inexpensively as possible at a price slightly more than the next highest bid. For example, if your bid for Lot 109 is \$600 and the next highest bid is only \$500, the lot would be awarded to you for \$525, or a nominal 5-10% increase over the next highest bid. **A BUYER'S CHARGE WILL BE ADDED TO EACH INDIVIDUAL LOT SOLD.**

Before entering your bids, please read carefully our "**TERMS OF SALE**". Bidding by mail permits you to participate in the auction as though you were there in person. Many rarities are obtained through the medium of auctions and it can be a very exciting as well as rewarding method of obtaining wonderful items for your collection. We look forward to your participation in our sales.

## INTRODUCTION TO THE SALE

Jess Peters, Incorporated, in conjunction with Lee J. Bellisario, is pleased to present **The William H. Bleyer Collection**, property of the St. Louis Board of Education, City of St. Louis, Missouri. The Bleyer Collection, and other properties, including the first United States Section in over a year from the Jess Peters Corporation, comprises the finest sale of World Crowns and Talers (and Silver Dollars, of course) that the company has offered since it was founded in 1954. While the number of coins offered is not great (the total number of lots including related properties is slightly over 1500 lots), the Bleyer Collection itself averages in grade Choice Extra Fine to Uncirculated, or better. The quality is absolutely outstanding! We know you will enjoy reading through the catalog and discovering for yourself some of the numismatic gems hidden inside the covers.

Before we tell you about Mr. Bleyer, it is important to tell you about the catalog itself and its layout. The first section covers **United States Coins**. Management and cataloging of the U.S. Section is by Bellisario Incorporated, Lee J. Bellisario, President. Lee is also serving as our Auctioneer for the entire sale.

The second section of the sale (Lot Numbers 301 to 550) is entirely devoted to **Foreign Gold Coins**. While not part of the Bleyer Collection, Gold Coins are an integral part of all foreign sales. The coins presented in this section comprise a varied selection of World Gold Coins, from those minted just this year clear back to Medieval times. We hope the many gold collectors reading our catalogs regularly will find several coins to add to their collections.

The Bleyer section of the catalog, comprising over 700 lots, contains coins from all over the world, Crown size or larger only. The one key attribute of **The Bleyer Collection** which you should notice is that many, if not all, of the coins are naturally toned and never cleaned. We have been very careful to note any coins in our catalog that are unnaturally bright. Therefore, you may be assured that all the coins are in their natural state, just as they were meant to be, after all these years. The Bleyer Collection has been intact, and in protected storage, for over thirty-five years.

Also remember that the average grade of the Bleyer Collection is very high and **the coins are exceptionally choice, each and every one of them**. You may bid with confidence on these coins and we are sure you will be more than pleasantly surprised when you receive them in the mail. A final word — a word of caution for mail bidders. Occasionally collectors bid low in the hope that they will be the only one bidding on a certain lot, and will buy the coin cheaply. This will not happen in the Bleyer Catalog, because we expect several bids on each coin. If you want the coin, please bid what you are willing to pay for the coin, or you will be overbid at the coin auction by collectors who know what it is worth. If you do not particularly want the coin, then bid what you normally would, but do not expect to get very many, because it is certain that, even today, choice coins don't go cheap! If you have a budget in mind, please note it on your bid sheet and we will attempt to limit your purchases to that amount.

The final section of the catalog is entitled **World Crowns and Minors**. It begins with a unique coin from the Orient, so it is not a section of "also rans" by any means. Many of the non-Bleyer coins that we received throughout the year for auction are included here, as well as choice and exceedingly rare crown and minor coins, including many key dates that seldom appear on the market. The final section also goes from A to Z, so if you collect Germany, let us say, then you will have three sections to look at. You will need to look at the Gold, the Bleyer Collection, and the World Crowns and Minors. The same is true of any other country that holds interest for you. Please do not miss a coin for your collection because you forget to look in the Gold, in the Bleyer, and in the World Crowns and Minors Sections! Look twice, or thrice!

## THE WILLIAM H. BLEYER COLLECTION

The Bleyer collection was formed in the 1930's and before, when the cost of European Crowns was minimal. William H. Bleyer, a St. Louis attorney and active numismatist, was able to acquire some of the most desirable and rare coins in the Crown series by dogged determination and more than a little affluence. Notable acquisitions were the Greenland Trade Dollar or Piastre issue by the Danish Asiatic Company, the Austrian Guldiner struck in 1518 at Klagenfurt, the 1626 Taler of Wallenstein, the Papal Piastre of 1588, and choice English Crowns of 1601, 1652, 1706, 1718, and 1831. German rarities include a 1657 Taler of Bamberg, a 1657 Taler of Brandenburg, a Guldengroschen of Saxony struck ca. 1519 and a Taler of Saxe-Zeitz-Naumberg minted in 1669. Numerous scarce and rare issues of the 18th and 19th centuries are scattered throughout the collection. Early United States coinage is well represented by Silver Dollars dated 1795 and 1799. You will find many of your personal favorites throughout the Sale.

William H. Bleyer traded his collection to the Security National Bank Savings & Trust Company, which in turn, donated the entire collection to the St. Louis Board of Education. The donation provided that the collection would be exhibited for not less than five years, and that a descriptive catalog would be issued, imprinted with the bank's name as the donor. Less than ten copies of the catalogs survive and the descriptive catalogs themselves are true rarities today. The St. Louis Board of Education notified the bank of its acceptance of those terms and on November 14, 1945, the collection changed hands again.

The Bleyer Collection was displayed by the St. Louis Board of Education for the following five years in conjunction with school programs developed by Education Museum. In 1950, while being shown at the Ashland Grade School, juveniles stole the entire collection. Luckily, the collection was quickly recovered, intact and unharmed. At the time the collection had grown in value and was insured for \$15 a coin!

The realization that the coins were too valuable to guarantee their security during display led school authorities to withhold the coins from exhibition. Eventually, the collection was entirely forgotten and it sat boxed on a storage shelf in the Audio-Visual Department.

Rediscovered several years ago, the collection was quickly removed to a safety deposit vault, where it remained until it was recently cataloged for consignment.

We are delighted to present the Bleyer Collection to you today, for unrestricted auction. We are distinctly pleased to be the firm selected by the St. Louis Board of Education to redistribute the Bleyer coins to numismatists all over the world. We hope you will enjoy them once more.

## UNITED STATES COINS

### COLONIAL COINAGE

- 2 1785 Bar Cent. EXTREMELY FINE (40) Diagnostic diebreak between 7th and 8th stripe. Attractive light brown planchet. *Guide Book of U.S. Coins*, page 47. ANACS Certificate accompanies graded EF-45/45. A scarce colonial coin and very scarce above Very Fine grade. (Photo) (\$1000 - Up)

- 156 1853 PROOF (63) Medium violet, blue and russet toning. Well struck with usual weakness in Eagle's beak and wing tip as is true of all proofs. Technically no proof dollars were minted in 1853. This is one of the 12 reported struck in 1862 or 1863. The numerous raised die scratches are the result of polishing the dies with a cloth. However, these are not hairlines as usually described. The die lines are present on all known proofs and, as described in the Paramount Sale (Auction '82), "...they are present on all known specimens...and do not constitute an impairment." The Paramount specimen described as Proof (65) brought \$6,500. This example is very close to gem and should bring in excess of \$4,000. An opportunity to own one of the rarest of all Proof dollars. (Photo) (\$4000 - Up)
